About Us

iDiversity Consulting Ltd

Placing disability at the heart of Diversity, Inclusion & Accessibility.

Our workplace service is the complete accessibility solution, helping organisations support their disabled employees.

We provide complete programme of initiatives that help employers achieve their D&I aims, including Disability Assessments & Reports, Coaching, Training, Assistive Technology, as well as advising on Accessibility and Marketing Communications.

SOFTWARE

DRAGON PROFESSIONAL V16

This is software that will allow the individual to dictate into their computer, as opposed to typing. Because no typing or spelling skills are required, more of the individuals attention can be focused on thinking about the content. They may find this helps her to articulate and structure text more easily and with fewer errors.

SENSORY READABLE

Sensory Readable for Windows takes text-to-speech and visual readability to the next level. This innovative, cost effective, software provides real-time spoken feedback of the words under the mouse cursor, making reading more accessible. It can assist with reading difficulties, slow reading speeds, or those who prefer to listen while interacting with their computer.

MINDGENIUS

MindGenius is a comprehensive mind-mapping tool that can be used to manage information, organise the individuals time and tasks, structuring and planning, and is also a project management tool. Mind maps have a natural structure that radiates from the centre and uses lines, symbols, words, colours, and images. They can turn monotonous information into colourful, memorable and highly organised diagrams that work in line with certain individuals' brain's natural way of thinking and working.

GLEAN

Glean allows to take great notes online or out and about. Developed with learning disabilities in mind, the tool is simple-to-use and distraction free.

With Glean, you never have to worry about missing important information again!

Record meetings in full, listen back at your own pace and annotate with different note types to create a complete learning resource - tailored to you.

READ&WRITE ATW 3-YR LICENCE SINGLE

Texthelp Read and Write is a simple and easy-to-use floating toolbar that provides speech feedback, phonetic spell checking and many other literacy support tools to help with reading and writing. This latest version contains brand new features which have fully optimised the software to benefit the user even further.

LIGHTKEY

Lightkey learns your typing patterns and gradually predicts up to 12 words including punctuation marks, allowing you to compose your content faster, with confidence.

INSPIRATION - MIND MAPPING

For visual mapping, outlining, writing and making presentations, use Inspiration 10, the ultimate thinking and learning tool. Inspiration software allows you to brainstorm ideas, structure your thoughts and visually communicate concepts to strengthen understanding with the Diagram and Map Views.

MINDMANAGER 22 WINDOWS PERPETUAL LICENSE

MindManager is a commercial mind mapping software application developed by Mindjet. The software provides ways for users to visualize information in mind maps and flowcharts. MindManager can be used to manage projects, organise information, and for brainstorming.

NEW - ABBYY FINEREADER

FineReader PDF empowers professionals to maximize efficiency in the digital workplace. Featuring ABBYY's latest AI-based OCR technology, FineReader PDF makes it easier to digitize, retrieve, edit, protect, share, and collaborate on all kinds of documents in the same workflow.

AUTOCORRECT

Global AutoCorrect PC is an intelligent spelling software for dyslexic students. It automatically corrects spelling mistakes as you type, without distracting red lines appearing.

GLOBAL TASKS

For visual mapping, outlining, writing and making presentations, use Inspiration 10, the ultimate thinking and learning tool. Inspiration software allows you to brainstorm ideas, structure your thoughts and visually communicate concepts to strengthen understanding with the Diagram and Map Views.

JAWS PROFESSIONAL ESD

Jaws Home is a powerful screen reading software for people with vision loss to help them access their computer. Reads aloud content on screen in human-like synthesised speech.

ZOOMTEXT MAGNIFIER AND READER 2022 ESD

ZoomText Magnifier is an advanced screen magnification program that enlarges and enhances everything on the screen for easier use.

ZOOMTEXT MAGNIFIER 2022 ESD

ZoomText Fusion is the ultimate accessibility tool for individuals with any level of vision impairment. ZoomText Fusion provides the best of both worlds – ZoomText, with its screen magnification and visual enhancements for screen viewing ease, coupled with the power and speed of JAWS® for screen reading functionality.

SUPERNOVA MAGNIFIER V20 ESD

The SuperNova Magnifier is the ideal solution for computer users with low vision designed to work in line with Windows 10 and magnifies documents and apps up to 60x.

SUPERNOVA MAGNIFIER & READER V20 ESD

SuperNova Magnifier and Speech software is designed for computer users with partial or fluctuating sight. It has been designed to work in line with Windows 10 and magnifies documents and apps from 1.2x to 60x, with no loss of clarity. Multiple male and female voices speak aloud your apps, documents and web pages. e users confidence whilst writing.

CAPTION.ED PRO

Caption.Ed is a captioning and note-taking tool that provides highly accurate real-time captions for both live and pre-recorded media and even face-to-face conversations with the click of a button.

Users can annotate their captions and highlight key pieces of information in real-time alongside a full transcript and video/audio recording which they can return to at a time that suits them.

Caption.Ed

TALKTYPE PRO

Accurate and speedy dictation
Inbuilt dictation products are notoriously poor quality.

With TalkType, you're guaranteed highly accurate, professional quality dictation. You'll wonder why you ever went without it.

JAMWORKS NOTES

Jamworks helps you take better notes, build better knowledge & get better grades.

Use Jamworks to record and it will automatically create a comprehensive set of text notes, audio notes, and flashcards.

Jamworks

MESSENGER PIGEON PRO

SuperNova Magnifier and Speech software is designed for computer users with partial or fluctuating sight. It has been designed to work in line with Windows 10 and magnifies documents and apps from 1.2x to 60x, with no loss of clarity. Multiple male and female voices speak aloud your apps, documents and web pages. e users confidence whilst writing.

Hardware

JABRA EVOLVE 80 UC STEREO

A wired headset with superior Active Noise Cancellation and Passive Noise Cancellation in an over-the-ear wearing style. An integrated busylight shields you from interruptions and enhances your productivity. You can also listen to music with crystal-clear clarity.

JABRA EVOLVE2 85 OVER-THE-HEAD STEREO

C-PEN READER 2

C-Pen Reader 2, the next generation of assistive reading tools designed to put even more control into the user's hands. Whether studying or simply reading for pleasure, this new and improved reading pen features enhanced AI to improve accessibility, and boost reading confidence

SCANMARKER PRO

Scanmarker pen scanners can scan printed text directly into any device while edit and read aloud in real-time and translate in more than 100 languages.

SAMSON GO MIC USB MICROPHONE

The Go Mic USB Microphone from Samson is a compact, plug-and-play solution that requires no drivers and is completely Mac and Windows compatible.

SUPERVISOR ANTI-GLARE SCREEN WITH SOLID BASE

This is a visor mounted to a solid base and an adjustable arm, which allows the user to position the visor to block, or limit, a source of light from the user's field of view this may help with glare in their working environment.

PHONAK ROGER CLIP-ON MIC

The Roger Clip-On Mic is a cutting-edge wireless microphone, which enables clients to hear and understand more speech in loud noise and over distance. It is as light as a feather and is ideal for using in a network with other Clip-ON Mics or Roger Pens.

PHONAK ROGER TABLE MIC II

Roger Table Mic II features MultiBeam Technology, an innovative Roger microphone technology from Phonak. By utilizing multiple microphones, beams are created in six directions to cover 360°. The signal-to-noise ratio for all six direction is calculated and the beam with the best clarity is automatically selected. Providing exceptional speech understanding in group conversations such as in noisy restaurants or family gatherings.

ROGER ON

Experience the hearing performance. Roger On is a microphone dedicated for all conversations that occur in background noise and over distance.

OLYMPUS DS-9000 ENCRYPTED VOICE RECORDER PREMIUM

A triple layer studio quality filter ensures accurate voice capture while reducing unwanted sounds such as breath and wind vibrations. This ensures superior accuracy that enhances workflow efficiency.

NEO PEN N2 RECORDING BUNDLE

The Neo smartpen N2 is designed like a conventional pen so that there will be a seamless transition from using a conventional pen. The Neo Smartpen N2 is designed to write notes as you always would do while the Neo pen automatically saves them in the app ready to organise copy and share. This saves the worry of having to save the notes over later.

ORCAM READ SMART

OrCam Read is a highly sophisticated lightweight smart Pen Style camera. Using artificial intelligence technology, it instantly reads any printed or digital text from books, newspapers, smartphone screens, computers, and more. It is intuitively operated, with just the press of a button.

ORCAM MY EYE SMART

OrCam MyEye is a revolutionary voice activated device that attaches to virtually any glasses. It can instantly read to you text from a book, smartphone screen or any other surface, recognize faces, help you shop on your own, work more efficiently, and live a more independent life! OrCam MyEye conveys visual information audibly, in real-time and offline.

ERGONOMICS SOLUTIONS

DOLPHIN LARGE PRINT KEYBOARD

The Dolphin keyboard features large print, high contrast keys that are easy to see. It is available in UK and US International editions.

FELLOWS EASY GLIDE WRITING AND DOCUMENT

To be positioned in between the monitor or laptop and the keyboard. Main platform glides freely forward to cover the keyboard creating an ergonomic writing area. Contoured ledge supports catalogues, books & paperwork up to 5kg without causing discomfort.

FELLOWS FLEX ARM WEIGHTED COPY HOLDER

Flexible arm adjusts for ergonomically correct viewing height and angle
Holds up to 150 sheets of paper at a time
Copy clip adjusts to hold A4 documents and wide forms
Copy Holder rotates 90° for portrait or landscape positioning
Line guide glides up and down or swings out of the way when not in use.

FELLOWS FREESTANDING COPYHOLDER

This plastic, freestanding copyholder is suitable for documents or books and has nine angle adjustment positions. Two page-holders allow books to be held open. The device folds flat when not in use and can be clipped into a two or four-ring binder.

U-TOP LAPTOP STAND

The U TOP has six levels of height adjustment raising the screen to a comfortable viewing level, therefore improving posture. In addition, folding totally flat to fit snugly inside your laptop.

U-TOP PRO LAPTOP STAND

The U TOP PRO is possibly the lightest and thinnest freestanding laptop stand in the World. This stylish product boasts a unique built-in copy holder, 6 height settings, 4 cable slots and non-slip feet.

OFFICE BOX PRO

The unique ergonomic design of this multifunctional storage box allows the user to safely store all items such as laptop, tablet, keyboard, mouse, phone, documents, books and pens in one space saving and light-weight box.

ERGOTRON NEO-FLEX LCD STAND

Instantly set the height of your LCD for a more comfortable computing experience. With fingertip effort, raise or lower your LCD 5-inch (130 mm), pan left/right, tilt forward/back, and rotate your screen for portrait/landscape viewing.

ERGOTRON LX DESK MOUNT LCD ARM

Find your best view, save desk space and discover your most productive self, thanks to the LX Desk Monitor Arm.

ERGOTRON LX DUAL LCD ARM

Find your best view, save desk space and discover your most productive self, thanks to the LX Dual Side-by-Side Arm.

HAG QUICKSTEP

The HÅG Quickstep provides additional floor height and is arguably more preferable than static solutions as movement helps stimulate circulation and allows the leg muscles to stretch, while the soles of the feet are pleasantly massaged.

STANDIVARIUS ORYX EVO D LAPTOP STAND

The Oryx D Laptop Stand from Standivarius combines the best of design, innovation and user experience.

STANDIVARIUS NOTA SLIDE COMPACT SLOPE

Standivarius Notaslide is a document holder that can slide over the keyboard offering a writing slope. In order to maximize documents positioning for both reading and writing, it is placed between the screen and the keyboard.

STANDIVARIUS LAPTOP ERGO KIT (WIRELESS)

The complete laptop kit for ergonomic working at home, in the office or on the move.

STANDIVARIUS LAPTOP ERGO KIT (WIRED)

The complete laptop kit for ergonomic working at home, in the office or on the move.

GOLDTOUCH GO 2 KEYBOARD

Sleek, slim, lightweight and at only 498g, the Goldtouch Go! 2 Mobile Keyboard is the perfect work and travel companion for the on-the-go worker. This clever compact keyboard is designed to optimise your workspace without sacrificing comfort over portability.

GOLDTOUCH V2 ADJUSTABLE COMFORT KEYBOARD

As the second generation of the premier Goldtouch Split keyboard you've come to know and love, the Goldtouch V2 Adjustable Comfort Keyboard is everything you remember — and more. Designed specifically with the individual in mind, the Adjustable Comfort Keyboard.

STANDIVARIUS SOLO X WIRELESS KEYBOARD

The super slimline wireless Solo X offers a quick, satisfying typing experience thanks to the scissor-key design. This technology allows a low travel distance between your finger and activation of the key, perfect for speed and precision.

LOGITECH MX MASTER 3 MOUSE

An advanced, precise mouse designed for creatives and engineered for coders, featuring a side wheel for extra comfort and a natural feel.

LOGITECH MX ERGO MOUSE WIRELESS

Adjustable 0°–20° angle: customize the trackball angle of this ergonomic mouse from 0 to 20 degrees for a more natural, comfortable hand position that reduces muscle strain.

CONTOUR ROLLERMOUSE RED

The RollerMouse Red is a sharp and highly intuitive modern mouse solution for all types of office users, organisations and environments.

EVOLUENT VERTICALMOUSE 4 (LEFT HANDED WIRED)

Many people find using a standard mouse uncomfortable. This is caused by the design of a standard mouse causing the arm to twist slightly so that the palm faces downwards. The Evoluent mouse takes the functionality of a standard mouse, whilst redesigning its positioning completely to ensure that it is as comfortable as it can possibly be.

EVOLUENT VERTICALMOUSE 4 (RIGHT HANDED WIRED)

Many people find using a standard mouse uncomfortable. This is caused by the design of a standard mouse causing the arm to twist slightly so that the palm faces downwards. The Evoluent mouse takes the functionality of a standard mouse, whilst redesigning its positioning completely to ensure that it is as comfortable as it can possibly be.

MEDESIGN BACKFRIEND SINGLE PADDED

Height adjustable to suit the individual. Lightweight Design Provides spinal support to relieve back pain. Folds for easy carrying with built in handle. Lightweight Design Provides spinal support to relieve back pain

OTOTO SIT-STAND OFFICE DESK - ELECTRIC HEIGHT ADJUSTABLE

Ototo is part of our contemporary Novigami range. Designed with flexibility in mind, Ototo comes in different colour finishes and sizes. Sit /Stand desk with quiet, electric motor

ALUFORCE PRO 250M

These versatile desks are simple to operate and allow you to move from sitting to standing work at the press of a button. The two-legged, height-adjustable desks come with a choice of rectangular desktops.

DESKRITE 550 ELECTRIC SIT-STAND DESK

DeskRite 550. It's powered by advanced technology developed by LINAK — the world's leading pioneer of high quality actuators. The powerful three-part lifting column does the hard work while all you have to do is press a button to glide smoothly and quietly between sitting and standing.

JOSHO ELECTRIC SIT STAND DESK BLACK / BLACK

OSHO Homeworker Electric Sit-Stand Desk moves gently and quietly at the touch of a button to the perfect standing or sitting height for you. The sleek, uncomplicated design of this electric sit-stand desk blends seamlessly into the home environment, giving you a dedicated space to be more active, creative and comfortable while you work.

RH LOGIC 200 ERGONOMIC OFFICE CHAIR

Logic 200 with armrests offers more seat depth, extra cushioning and an improved lockable movement mechanism for greater freedom of movement. The seat's rounded waterfall edge reduces pressure on the thighs, while the medium backrest now features a soft curve to keep the back upright, mobilising the arms and shoulders for increased comfort in any position.

HÅG CAPISCO 8106 BLACK OFFICE CHAIR

Perfectly made for creative spaces, HÅG Capisco 8106 Black is a fully upholstered and comfortably padded ergonomic chair that's contemporary, versatile and highly adjustable.

POSITIV ME 100 TASK CHAIR (MEDIUM BACK - FULLY UPHOLSTERED)

Perfect for a hot desk environment, the Me 100 model additionally offers users a range of customisations making it the perfect chair for any space.

The Positiv Me 100 is fully upholstered and features a tri-curved, posture friendly backrest that is ratchet height adjustable and angle adjustable too.

RH LOGIC 400 BLACK NECK & ARMREST

The RH Logic 400 is one of the most popular ergonomic office chairs in the world, due to its ergonomic features and excellent durability. It's wide range of independent adjustments allow it to be optimally fitted to the user.
